

8 Tips to Get \$aving!

Open a Young Person's Saving Account at Byron Bank

It's never too early to start saving for the future! Byron Bank offers a Young Person's Savings Account for children under the age of 14 to jump start their financial future!

Learn the Difference between Needs and Wants

Help your child distinguish the difference between needs and wants. Demonstrate needs like food and shelter while discussing how the latest video game is a want and discuss the importance of prioritizing.

Make Some Hard-Earned Money

It can be hard to earn money as a kid. Consider giving your child a weekly allowance for completing extra chores and begin teaching them the value of hard work.

Set Savings Goals

Saving money can be difficult without a goal in mind. Help your child think of a goal, whether it's a new toy or a trip to the movies, to motivate them to save.

Find a Place to Save at Home

A Byron Bank Piggy Bank is the perfect place to start saving at home. Keep it in a spot where your child can watch their savings grow!

Track Your Spending

Help your child write down their purchases each day and add them up at the end of the week. It might surprise them to see how their hard-earned money is spent.

Talk About Money

Talk openly with your child about money. Discuss the importance of long-term investing and budgeting for a family. One day, they'll make big financial decisions for themselves.

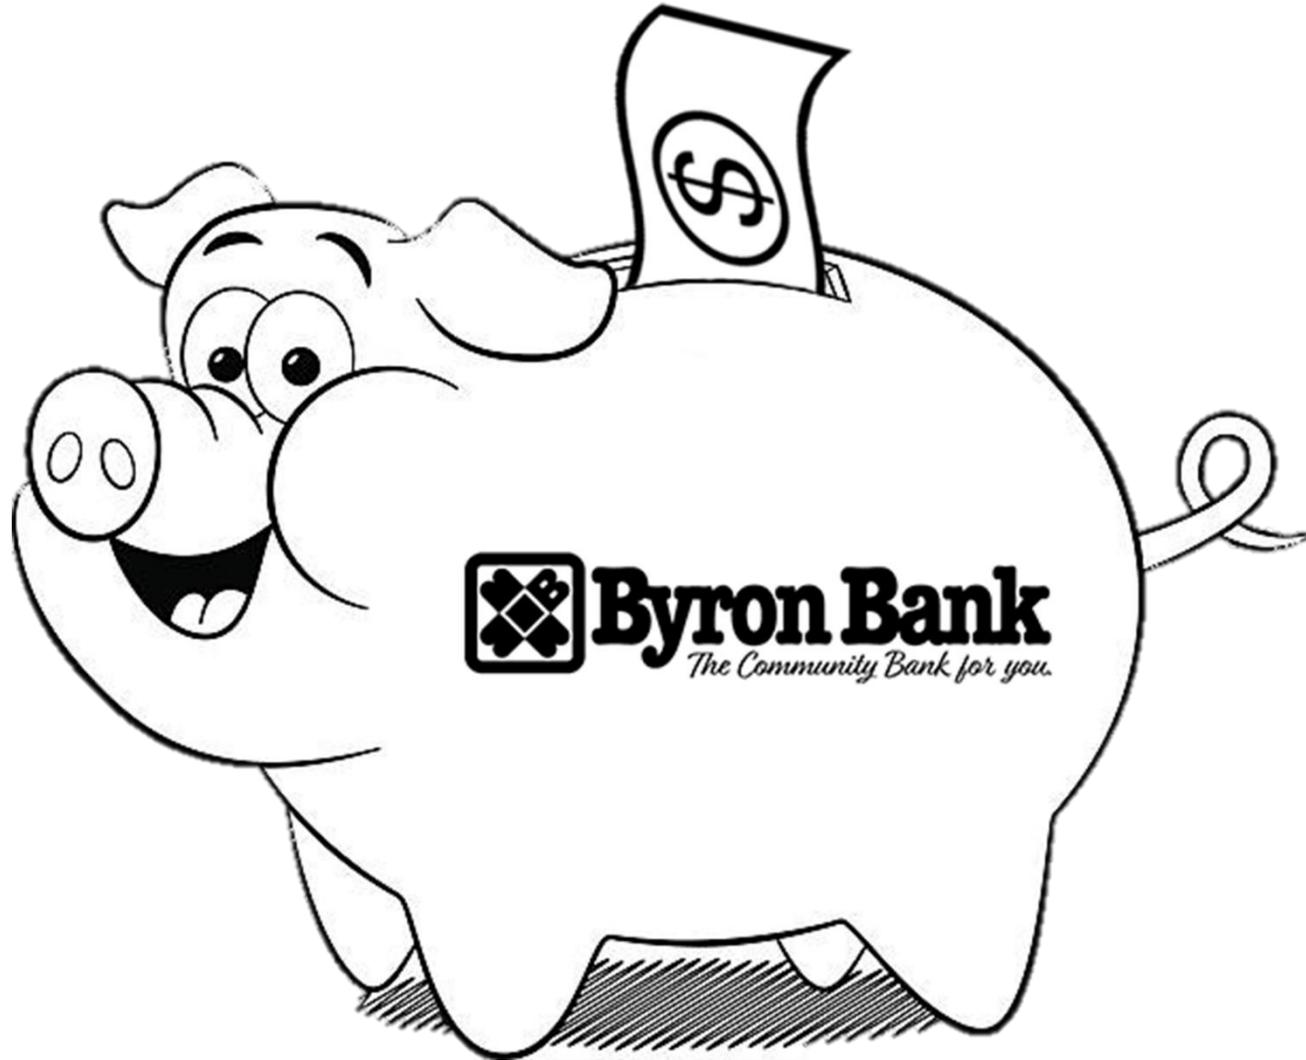

Deposit Money into a Savings Account to Earn Interest

When your child deposits money into their Young Person's Savings Account, they'll earn interest that will grow along with their balance!

Deposit your Byron Bank Piggy Bank into your savings account by August 31 and Byron Bank will add \$8 to your deposit! Let's get saving!

THIS LITTLE PIGGY

GETS THEM SAVING!
